Reedville Cafe Call for Artist's Proposals

At Reedville Café, we value art, the creative viewpoint, and opportunities to view our world through an artist's lens and hands. With this endeavor, we desire to lend some wall space, support our community of artists, and inspire our clientele (averaging 2500 each week).

Artists are invited to submit proposals for one-person installations of two-dimensional artwork for exhibit at Reedville Café.

Installations will be scheduled seasonally, for 1- to 3-month durations, beginning this summer. Space available is variable: as little as a 10-ft wide wall for 2-3 small pieces, to possible additional spaces totaling 40-50 ft. Artists are invited to view the space, which include the newest café room, the lounge room, and one additional wall, with varying amounts of light.

Reedville Café will include an informational line about the artwork in our monthly email marketing, though we will not actively market the work. Sales inquiries will be referred to artists and no commissions will be taken. Reedville Café will not carry liability for any damage or loss, nor will the Café provide opening celebrations. However, if desired, artists are invited to arrange weekday meal reservations for up to 20 people. Artists will be responsible for framing (if appropriate), labeling, insurance (if desired), installation details, press releases, marketing and repairs (if necessary, as a result of installation, when the work is removed).

Artists should submit a resume and 10 images, representative of the work they wish to show, with a short proposal describing the media, subject matter, preferred dates and any other relevant information.

Submissions may be either digital or hard-copy, and may be either hand-delivered or mailed to the Café; or they may be submitted by email to the appropriate address at the bottom of this page. Decisions of the committee will be final.

We, at Reedville Café, look forward to seeing your artwork!

Thanks,

Faun
